

Maine H1N1 Influenza (“Swine Flu”) Update

Data Summary for Wednesday, June 17, 2009, 5 PM

Flu info on the Internet: <http://www.maine.gov/dhhs/boh/swine-flu-2009.shtml>

1 new case reported in an out of state resident

Maine CDC and Department of Education partner to offer seasonal influenza vaccine in the fall

- Maine CDC and the Department of Education partner to offer seasonal influenza vaccine to children through interested local schools this fall. For more information on how you can become involved, check today's health advisory on this subject at: <http://www.maine.gov/tools/whatsnew/attach.php?id=74633&an=1>

New Cases:

- One new case was reported in out of state resident who was tested in Androscoggin County. The case was in an adult.
- Although case counts are reported here, it is important to note that individual case data are useful only in that they are markers of the presence of H1N1 in a given county or geographical area. Many people with H1N1 are not tested, and their illness is not reflected in the case counts. Counties or regions with no reported cases may still be affected.

Current Case counts:

Case Counts	Confirmed	Probable
Maine	42	0
Out of State	10	0

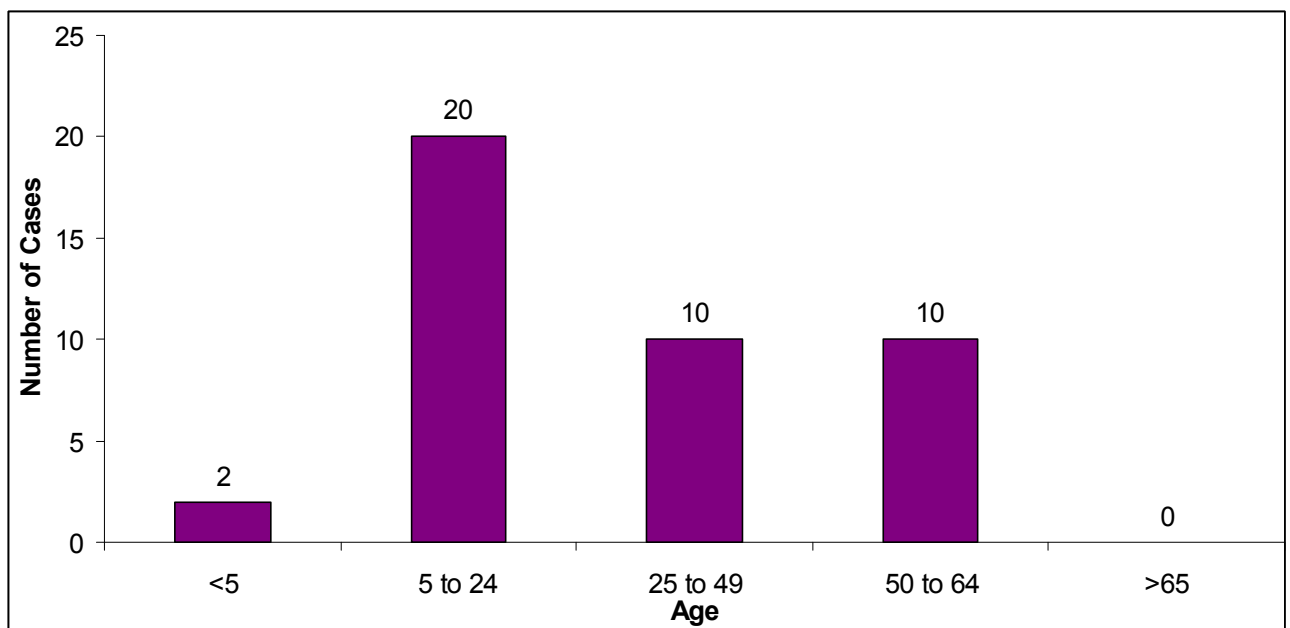

- A total of 42 Maine residents have been diagnosed with H1N1. In addition, 10 out of state residents were diagnosed while visiting Maine, for a total of 52 diagnoses in the state.

Confirmed Cases by County:

County List	New Cases	Total Cases	Out of State*
Androscoggin	1	3	1
Aroostook			
Cumberland		19	1
Franklin			
Hancock			1
